

CARRIER ALERT PROGRAM

The Carrier Alert Program trains the dedicated letter carriers of the United States Postal Service to recognize the signs of a senior in distress (e.g., the accumulation of uncollected mail). If your letter carrier suspects something is wrong s/he will contact the Department for the Aging or 911 in the event of an emergency.

Sign up today to enjoy the peace of mind that the Carrier Alert Program has to offer. For more information, please visit our website at <http://www.nyc.gov/aging> or contact the Department for the Aging at 212-442-0975.
